Dear Ms. Lowery:

This office received a complaint on June 27, 2013, concerning open burning being conducted on your property located at 3916 County Road 220 in Findlay, Ohio. My investigation, conducted that day, shows construction and demolition debris was burned for disposal purposes within 1000' of adjacent residences in an unrestricted area.

Based on these findings, there is sufficient evidence to determine that illegal open burning did occur and the complaint is justified. This is a violation of both Ohio Administrative Code (OAC) rule 3745-19-04(A) and Ohio Revised Code (ORC) 3704.05.

Because the fire has been extinguished, you are no longer in violation and the property is considered to have returned to compliance with the above cited violations.

A copy of the OAC rules pertaining to open burning has been enclosed for your review. To be clear, after a review of the area property limits, you are not permitted to burn any wastes on your property because you cannot remain on the property and meet the 1000' minimum distance from adjacent inhabited structures, as identified in OAC rule 3745-19-04(B)(3)(c). Accordingly, you are only permitted to have recreational or ceremonial fires which comply with OAC rule 3745-19-04(B)(2). Please provide a written response acknowledging your receipt of this letter and your understanding of the rules. If you do not understand the rules please contact this office for additional explanation before responding. Your response is requested no later than July 15, 2013.

Please note that the submission of the requested information to respond to this letter does not constitute waiver of the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. Ohio EPA will determine later whether to pursue such penalties in this case.
