Mr. Randy Copeland
Advanced Web Corp.
10999 E Copeland Rd.
Stewart, OH 45778

Dear Mr. Copeland:

On September 22, 2010, Vicky German and I inspected Advanced Web Corp.'s facility in Stewart, Ohio to determine Advanced Web's compliance with Ohio's hazardous waste laws as found in Chapter 3734. of the Ohio Revised Code (ORC) and Chapter 3745. of the Ohio Administrative Code (OAC).

During the inspection, we also helped you identify ways to prevent pollution by reducing waste. This letter will explain the violations we found and other general concerns we have.

We found the following violation of Ohio's hazardous waste laws.

- (1) ***OAC Rule 3745-279-22(C), Used Oil Storage Requirements for Generators:*** Containers and aboveground tanks used to store used oil at generator facilities must be labeled or marked clearly with the words "Used Oil."

At the time of the inspection, Advanced Web's used oil storage tote was not labeled "Used Oil." During the inspection you had the tote labeled with the words "Used Oil", returning Advanced Web to compliance with this rule.

Comments

- (a) Advanced Web manages their spent fluorescent lamps as a universal waste through Safety Kleen. At the time of the inspection, Advanced Web did not have any spent lamps in storage but did have a cardboard box provided by Safety Kleen labeled "Waste Lamps." The lamp storage box was open. Please be aware that when storing universal waste lamps the regulations require that the storage containers be kept closed. I have enclosed a copy of the fact sheet *Universal Waste Rules for Handlers of Lamps*. This fact sheet provides a good summary of the regulations that apply to universal waste lamps.

- (b) During the inspection I observed an ash pile which you said was from burning pallets. The pile was located near the corner of the building adjacent to the loading dock. As I discussed with you, open burning is not allowed. Enclosed with this letter is a publication regarding open burning regulations. I am also enclosing a list of businesses that recycle pallets.

Enclosed you will find a copy of the checklists that were completed during the inspection. Should you have any questions regarding this letter, please call me at (740) 380-5248.

You can find copies of the rules and other information on the division's web page at <http://www.epa.ohio.gov/dhwm/Home.aspx>. Ohio EPA also has helpful information about pollution prevention at the following web address: <http://www.epa.ohio.gov/ocapp>.
