Dear Mr. Thress:

On August 12, 2008, Melody Stewart and I performed a compliance inspection of your facility at 499 Pine Street in Coshocton to determine its compliance with Ohio's hazardous waste laws and regulations, as found in the Ohio Revised Code and the Ohio Administrative Code (ORC and OAC, respectively).

Based on our inspection, a Notice of Violation letter was issued on August 18, 2008. I received your response on September 22, 2008. Based on the information and photographs you provided, Tri-state has abated the following violation of the hazardous waste rules:

- i. Used oil storage requirements for generators, OAC rule 3745-279-22(C), Labeling.

Your facility has now returned to compliance with all hazardous waste rules that were cited during this inspection.

If you have any questions regarding waste management, you can view Ohio EPA's rules and guidance at www.epa.state.oh.us or feel free to call me at (740) 380-5278.

Sincerely,

Richard Stewart
District Representative
Division of Hazardous Waste Management
