Re: Josh Brown Custom Repair
OHR000027532
Hazardous Waste
Hancock County
Rescinded Violation

August 6, 2013

Mr. Josh Brown
Josh Brown Custom Repair
1080 Navajo Drive
Bluffton, Ohio 45817

Dear Mr. Brown:

This is a follow up to the Ohio Environmental Protection Agency's (Ohio EPA's) April 23, 2013, compliance evaluation inspection of your Custom Repair shop (hereafter referred to as JBCR) located at 1080 Navajo Drive in Bluffton, Ohio.

In my May 14, 2013, Notice of Violation letter to you, I cited you for not having used oil shipped to a transporter with a U.S. EPA identification number. You thought that used oil being collected in an on-site tote was going to Anderson Tractor. Bluffton Flying Service (BFS), which is located in the same building, and your repair shop share a used oil tote. On May 13, 2013, Mr. Nick Vance of BFS spoke with Amber Hicks, the inspector with me during our visit. Mr. Vance stated that he has not shipped any used oil to Anderson Tractor. He is taking it to Autobahn which is a registered marketer. He also has not made a shipment since approximately Spring 2012. He does not plan to ship until the tote is near full which could be another year from our inspection date. Based on this information received on May 13, 2013, determined that JBCR was not in violation of the rule for off-site shipments of used oil, therefore, the following violation of Ohio's hazardous waste laws is rescinded:

**1. Off-site shipments of used oil by generators.
OAC Rule 3745-279-24**

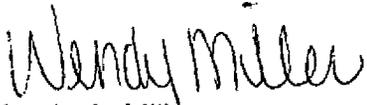

There is no further action you need to take at this time.

You can find copies of the rules and other information on the division's web page at <http://www.epa.ohio.gov/dhwm>. Ohio EPA also has helpful information about pollution prevention at the following web address: <http://www.epa.ohio.gov/opp>.

Mr. Josh Brown
