Dear Mr. Ellebruch:

Thank you for your April 25, 2011 response to Ohio EPA's April 21, 2011 Notice of Violation letter. The documentation you submitted included the hazardous waste tank assessment for the facility's two hazardous waste tanks.

My review of this documentation reveals that Western Roto Engravers has now abated the outstanding violations discovered during the October 2, 2006 inspection, as listed below.

4.	OAC 3745-66-92(A), New Tank System Design Assessment
5.	OAC 3745-66-92(G), New Tank System Installation Statements
