Mr. Gary Platek
TurfCare Supply Corporation
50 Pearl Road, Suite 200
Brunswick, Ohio 44212

Dear Mr. Platek:

I received your response to my July 26, 2013 Notice of Violation (NOV) letter on August 20, 2013. The documentation you submitted included a copy of the revised pages of the contingency plan and a notice that the personnel training is scheduled for August 28, 2013.

My review of this documentation reveals that TurfCare has adequately demonstrated abatement of the following violations discovered during the July 15, 2013 inspection:

1. **Content of contingency plan, OAC rule 3745-65-52(A)**
2. **Emergency procedures, OAC rule 3745-65-56(A)(2)**

However, TurfCare remains in violation of the following hazardous waste law:

1. **Personnel training, OAC rule 3745-65-16(C)**: Facility personnel must take part in an annual review of the initial training required in paragraph (A) of this rule during each period from January first to December thirty-first. The review must occur within fifteen months after the previous review.

During the inspection, it was determined that the last personnel training session was in October 2011 in violation of this rule. As stated in your response, TurfCare has scheduled this training for August 28, 2013. To completely demonstrate compliance with this rule, Turf Care must submit the sign-in sheet and outline to Ohio EPA **within 14 days after** the training is complete.

If you have any questions regarding this letter, please call me at 740.380.5256.

Sincerely,

Melody Stewart
District Representative
Division of Materials and Waste Management
