Attn: Daniel VanWagnen

Dear Mr. VanWagnen:

A reconnaissance inspection (RI) in October 2012 and subsequent review of your operation records (July 2012 to September 2012) and discharge monitoring reports indicate you are in violation of Ohio Administrative Code (OAC) Rules.

The RI and review of your records indicates the following:

1. In accordance with OAC Rule 3745-7-09(A)(3)(b), operation records shall at a minimum contain the dates and times of arrival and departure for the operator of record (ORC) and any other operator required by this chapter. A review of the operation records indicates the ORC did not consistently indicate times of arrival and rarely indicated times of departure.
2. In accordance with OAC Rule 3745-7-03(C), SBS Garage is a Class A facility and is required to have an ORC physically present at the facility two days per week for a minimum of 1 hour per week. A review of the operations and maintenance records indicates the minimum staffing requirements were not met.
3. In accordance with OAC Rule 3745-7-04(C)(3)(b) daily visits shall be performed by the owner, supplier, or their representative or agent five days per week and noted in the operational and maintenance records. The review of the operations records indicated daily visits were not being performed five days per week.

Please provide a written response **within 15 days** of the date of this letter indicating the steps you will take to ensure compliance with the requirements above.

Mr. Daniel VanWagnen
