Mr. Roger Barrick
Gunita Construction
3201 Belmont St
Bellaire, OH 43906

Dear Mr. Barrick:

On Wednesday July 10, 2013, I conducted a follow-up inspection of your property on SR 213 across from the Seneca Resorts property. I was accompanied by Dan Bergert of the Ohio EPA Southeast District Office.

During this inspection, we observed that all plastic drums that are staged near your dumpster appear to be useable for dock material, as waste receptacles, or other purposes. Based on an earlier discussion with you, where you stated that you have intentions to use these drums, Ohio EPA has determined that the material you have aggregated on your property does not constitute disposal. The drums you have collected appear to be stored in an orderly manner. The area in question appeared free of any solid waste other than the material in the dumpster.

Thank you for your cooperation in this matter. If you have any questions regarding this investigation, feel free to contact either Dan Bergert or myself at 740/385-8501.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter C. Thompson".

Peter C. Thompson
Division of Materials and Waste Management
