Dear Mr. Mitchell:

Please be advised that the Southeast District Office of the Ohio Environmental Protection Agency (EPA) conducted a follow-up inspection of your property on Manilla Road on September 5, 2013. This follow-up inspection was the result of a notice of violation dated May 13, 2013, and August 5, 2013, regarding open dumping and open burning of waste.

Based on my field observations it appears that you have removed all of the illegally burned and open dumped waste. At this time it appears you have returned to compliance and this case is considered closed by Ohio EPA. Please be advised that no further open dumping or open burning should be conducted by you in the future.

Should you have any questions please feel free to contact me at 740-380-5435.

Sincerely,

A handwritten signature in black ink that reads "Dale W. Warner". The signature is written in a cursive style and is enclosed within a hand-drawn circle.
