Monitoring requirements not met for La Hacienda Apartments

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the Second Quarter of 2009 time period we did not monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time: ARSENIC.

What Should I Do?

This notice is to inform you that La Hacienda Apartments did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the Second Quarter of 2009 time period, as required by the Ohio Environmental Protection Agency.
