Dear Mr. Rayburn:

Thank you for your October 6, 2009, response to Ohio EPA's October 5, 2009, Notice of Violation (NOV) letter. The documentation you submitted included photographic documentation demonstrating that the accumulation container located near the office and the satellite drum in the paint room have been labeled correctly; a copy of the required emergency information to be posted next to the telephone; and container inspection logs.

My review of this documentation reveals that the Federal Heath Sign Company has now abated all violations discovered during the September 29, 2009 inspection as listed below.
