Dear Ed:

Thank you for your July 9, 2008 response to Ohio EPA's July 7, 2008, Notice of Violation letter received at this office on July 15, 2008. You submitted photographic documentation demonstrating that the satellite accumulation container being used to accumulate hazardous waste [PM acetate] at Line 2 is properly closed.

My review of this documentation reveals that Crown Cork & Seal Company has now abated all violations discovered during the June 26, 2008 inspection as follows:

- OAC Rule 3745-52-34(C)(1)(a), Satellite Accumulation Area Requirements.

If you have any questions please feel free to contact me at:
andy.kubalak@epa.state.oh.us or at 614.728.3778.

Best Regards,

Andy Kubalak
