Thank you for your March 20, 2007, response to Ohio EPA's February 28, 2007, Notice of Violation letter. On April 3, 2007, Ohio EPA visited your facility to discuss the used rag guidance and the potential of your facility being a Small Quantity Generator. The documentation you submitted included an evaluation of the used rags generated at the facility.

My review of this documentation reveals that Bacou-Dalloz has now abated all violations discovered during the February 21, 2007 inspection as listed below.

Letter Citation #	Rule Citation
1.	OAC Rule 3745-52-11, Waste Evaluation
