Mr. Jere Ellison
ISP Chemical, Inc.

Columbus, OH 43228

Dear Mr. Ellison:

Thank you for your April 25, 2007, response to Ohio EPA's January 17, 2007, Notice of Violation letter. The documentation you submitted included a written assessment of ISP's hazardous waste tank attesting to the design, installation, and structural integrity of the system is adequate for the management of hazardous waste.

My review of this documentation reveals that ISP Chemical, Inc. has now abated all violations discovered during the November 15, 18 and 30, 2006, inspection as listed below.

Letter Citation #	Rule Citation
1.	Ohio Administrative Code 3745-66-92: Before a tank is put into use to accumulate hazardous waste a written tank assessment attesting that the design, installation and structural integrity of the system is adequate for the management of hazardous waste.

If you should have any questions, please feel free to contact me at (614)728-5036.

Sincerely,

Chris Bulinski
