Re: Giffin AutoSports / Giffin Powerwash
Fulton County
Hazardous Waste
Complaint #3007
RTC

September 25, 2013

Ms. Leakhena Suon
Giffin AutoSports
1365 North Shoop Avenue
Wauseon, Ohio 43567

Dear Ms. Suon:

The Ohio EPA inspected Giffin Autosports location at 115 West Oak Street in Wauseon on September 21, 2010, to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC), and Chapter 3745 of the Ohio Administrative Code (OAC). A notice of violation (NOV) was sent to you on September 24, 2010. Since that time, you have responded and on August 27, 2013, I also spoke with you at the new Giffin location at 1365 Shoop Avenue.

The following is the status of the violations from the September 24, 2010, NOV as a result of the September 21, 2010, inspection:

1. **OAC Rule 3745-279-24, Used Oil - Off-Site Shipment:**

Generators shall ensure that their used oil is transported only by transporters who have obtained an EPA identification number. It must also be burned for energy recovery or recycled by a facility that has an EPA Identification number and who is keeping proper paperwork.

Giffin has been giving the used oil it generated (self-transporting) to a local business, E&H, which does not have a US EPA identification number.

Giffin must immediately cease giving used oil to any person or transporter who does not have an EPA identification number. To abate this violation, Giffin must notify Ohio EPA with how you plan to manage used oil in the future and provide the applicable documentation for review

On October 16, 2012, you sent documentation that used oil is being picked up for recycling by Heritage Crystal Clean. Therefore, this violation is considered abated.

Ms. Leakhena Suon

2. **OAC Rule 3745-279-22(C)(1), Used Oil Labeling:**

Containers, aboveground tanks, and fill pipes used for underground storage tanks shall be labeled or marked clearly with the words "used oil".

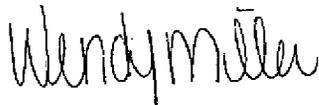

Giffin had one used oil collection container located in the maintenance garage that was not properly labeled.

This violation was abated when the collection container was labeled "used oil" during our inspection, September 21, 2010.

All violations cited during our September 21, 2010, inspection have been abated.

Should you have any questions or if I can be of assistance, please contact me at (419) 373-3114.

Sincerely,

Wendy Miller
Division of Hazardous Waste Management
