Re: ODOT Henry County Garage Return to Compliance

Dear Mr. Dysard:

Ohio EPA has reviewed the Ohio Department of Transportation (ODOT) District 2 April 6, 2010 letter documenting the disconnection and prevention of industrial fluids from discharging to the Class V injection well at the ODOT Henry County Garage in accordance with Rule 3745-34-11. The results of the review are that the ODOT Henry County Garage is now in compliance with all underground injection control rules. Ohio EPA will amend our records to indicate the Class V well at ODOT's Henry County Garage has been converted to receive only sanitary wastes.

If you have any questions please call me at 614-644-2771.

Sincerely

  
Lindsay C. Taliaferro III  
Manager, UIC Program
