**Notice of Violation**

Dear Mr. Bean:

The Underground Injection Control (UIC) Section of Ohio EPA's Division of Drinking and Ground Waters (DDAGW) has received Southern Ohio Coal Company's (SOCCo) Raccoon # 3 monthly operating report for August 2009 submitted on September 17, 2009; the monthly operating report for September 2009 submitted on October 8, 2009; and the quarterly report for third quarter 2009 submitted on October 8, 2009.

These monthly and quarterly operating reports demonstrate compliance with the requirements of SOCCo's Raccoon #3 Class V UIC permit: UIC 05-82-01-PTO-V and Chapter 3745-34 of the Ohio Administrative Code (OAC). However, the quarterly injectate report is missing a value for chromium and is in violation of UIC 05-82-01-PTO-V, Part II(B)(1)(c). Please ensure that subsequent quarterly reports include this chemical constituent.

If you have any questions concerning this letter, please contact me at (614) 644-2752.

Sincerely,

Valerie J. Orr  
Class V Coordinator  
UIC Program  
Division of Drinking and Ground Waters
