Dear Mr. Hamilton:

Thank you for your December 05, 2012 response to Ohio EPA's November 9, 2012 Notice of Violation letter. The documentation you submitted included photographs of your properly closed hazardous waste roll-off and a copy of the waste treatment training given as a result of the violation. My review of this documentation reveals that Plating Technology has now abated all violations discovered during the November 1 and 2, 2012 inspection as listed below.

Sincerely,

Peter Maneff
