Re: **Electronics Recycling Services
Notice of Violation/NOV
OHR000174367
RCRA C – Hazardous Waste
Jefferson County**

Mr. Jim Johnston
Electronics Recycling Services
1731 Belmont Street
Bellaire, Ohio 43906

Dear Mr. Johnston:

On September 24, 2013, Rich Stewart, Jeff Mayhugh and I inspected Electronics Recycling Services' Bellaire, Ohio facility to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). During the inspection we also helped you identify ways to prevent pollution by reducing waste. This letter will explain the violation we found and what you need to do to correct the violation.

We found the following violation of Ohio's hazardous waste laws:

1. **Labeling/marketing - standards for small quantity handlers of universal waste, OAC rule 3745-273-14(A)**: A small quantity handler of universal waste must label or mark the universal waste to identify the type of universal waste as specified in this rule: Universal waste batteries (i.e., each battery), or a container in which the batteries are contained, must be labeled or marked clearly with any one of the following phrases: "Universal Waste - Battery(ies)," or "Waste Battery(ies)," or "Used Battery(ies)."

During the inspection the containers of waste batteries were not labeled as required by the above rule. To demonstrate compliance with this rule, the containers which contain universal waste batteries must be labeled appropriately and photographic documentation must be sent to this office for review.

During the inspection, Electronics Recycling Services could not clearly state where the various waste batteries are sent. Please provide a list of companies who receive universal waste batteries (i.e. lead-acid, nickel-cadmium, and mercury containing) from Electronics Recycling Services.

Electronics Recycling Services needs to immediately take the necessary measures to return to compliance with Ohio's environmental laws. **Within 21 days** of receipt of this letter, Electronics Recycling Services is requested to provide documentation to this office including the steps taken to abate the violations cited above. Documentation of steps taken to return to compliance includes written correspondence, updated policies, and photographs, as appropriate, and may be submitted via the postal service or electronically to melody.stewart@epa.ohio.gov.

Please be advised that violations cited above will continue until the violations have been properly abated. Failure to comply with Chapter 3734 of the Ohio Revised Code and rules promulgated thereunder may result in a civil penalty of up to \$10,000 per day for each violation. It is imperative that you return to compliance. If circumstances delay the abatement of violations, Electronics Recycling Services is requested to submit written correspondence of the steps that will be taken by date certain to attain compliance.

As we discussed during the inspection, I have attached the Universal Waste fact sheet for your information. If you have any questions regarding this letter, please call me at 740.380.5256.

Sincerely,

Melody Stewart

Division of Materials and Waste Management
