**Re: Risk Mitigation Plan Annual Reporting Requirements for CASTLO Material Storage,  
Struthers, Ohio (Project ID # 250-002128-006, 09OM031)**

Dear Mr. DeCicco:

The CASTLO Material Storage property, located at 100 South Bridge Street, Struthers, Ohio 44471, received a Covenant Not to Sue from Ohio EPA on November 17, 2008. This Covenant requires certain risk mitigation measures be taken to minimize contact with soil, sediment, or ground water that may exceed the cleanup standards for the property. These risk mitigation measures are contained in the Risk Mitigation Plan (RMP) within the Operation and Maintenance Agreement (O&M) that was part of the No Further Action (NFA) letter submitted to Ohio EPA for this property. The RMP portion of the agreement requires an annual report be submitted to Ohio EPA by November 17<sup>th</sup> of each year.

To date, Ohio EPA has not received any reports regarding the RMP for this site. If the RMP was implemented during the past calendar year, please provide a written report to Ohio EPA as required by the RMP. This information is needed so that Ohio EPA can ensure that the cleanup standards continue to be met at the property. If applicable standards are not maintained, the Covenant Not to Sue could be revoked.

Examples of Actions that may cause an RMP to be implemented:

- Excavations of greater than 2 feet in depth.
- Landscaping activities
- Installation or repair of utility lines
- Road repair or road construction

The RMP report was due by November 17, 2010. Please note, however, Ohio EPA is changing the reporting deadline to March 1<sup>st</sup> of each year. Therefore, the report will be due on March 1, 2011 and on March 1<sup>st</sup> each year, thereafter.

If the RMP was implemented, please forward your report to us by March 1, 2011. If the RMP was not implemented during the past year, please return the enclosed form by March 1, 2011 indicating no activities were conducted that caused you to implement the RMP. Please also take the opportunity to update your contact information.

The RMP typically indicates what information to include in this report if the RMP is implemented. If your RMP does not contain this information or you have questions regarding this letter please contact me at (614) 728-5441 or e-mail me at [Emily.Patchen@epa.state.oh.us](mailto:Emily.Patchen@epa.state.oh.us).
