State of Ohio,

Plaintiff,

vs.

Sherman Recycling Services aka  
SRS and or Iron & Metal Co.,

Defendant.

LICKING COUNTY  
COURT CLERK

2008 JAN -2 P 3: 59  
Case No. 05 CR 246

FILED  
GARY R. WALTERS  
CLERK

JUDGMENT ENTRY

.....

This matter came before the Court for status conference this 11<sup>th</sup> day of December 2007. Counsel for defendant was present as was counsel for the state and representatives of Adult Court Services. The status conference was initiated by the Court as a result of Adult Court Services monitoring of the defendant's terms of community control upon judicial release which require the reclamation of certain real property owned by the defendant and on which had been illegally buried refuse. The defendant represented to the Court he did not have the requisite funds or ability to excavate the property and restore it to its natural state.

The defendant also represented that he would be able to fund this excavation and restoration by using proceeds from the sale of the vehicles which is the subject of litigation in Case Number 06 CV 865.

The Court reiterated the defendant's terms of community control which require restitution and restoration of the property which includes this excavation and cleanup. Should the defendant be unable to follow through with the terms and conditions of his community control then his community control is subject to revocation and the balance of his prison term would be imposed.

It is so ORDERED.
