Dear Mr. Graves:

On October 18, 2011, I conducted an inspection of your facility in Ross County. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comment:

Your facility appeared to be in compliance with the General Construction Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future.

The project may be completed, if this is the case, please complete the form at the following web address and mail it in so the permit can be terminated.
