Re: Wagnalls Run Subdivision / Fairfield County

Dear Mr. Pirko:

This letter is written regarding the storm water inspection I conducted, on December 5, 2011, of the construction activities at Wagnall's Run Subdivision located near the intersection of S.R. 674 and Winchester Southern Road. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. There was no active construction taking place at the time of my inspection. Based on my site observations of the site and the conditions of the Storm Water Permit, the following items were noted.

Sediment and Erosion Controls:

- The site was stabilized and there were no barren areas. There was no active construction at the site. You are complaint with your general storm water permit.

If you have any questions regarding the contents of this letter, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
Central District Office.

ec: Greg Sanders, DSW/CDO
