Dear Mr. Tesler:

On June 8, 2005, BG Main Street LLC received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the K-Mart Shopping Center Redevelopment project located at 1111 Main Street, Bowling Green, Wood County, Ohio. This CGP, # 2GC00887, is still active and you are named as the contact for this site. On June 15, 2005, a second CGP, #2GC00891 was issued to BG Main Street LLC for the same development.

On January 25, 2012, I performed an inspection of this facility. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that coverage for this site is eligible to be terminated.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) must be filed to relieve the applicant of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing two NOT forms, one for each of the CGPs that were issued and instructions to terminate these permits.

Please submit these forms to: Ohio Environmental Protection Agency
