Dear Sir or Madam:

On May 18, 2005, BGOI LLLP received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the Apartments at Rankin. This CGP is still active. Mr. Hal Marston is named as a contact for this site.

On January 27, 2012, I performed an inspection of this facility located north of Bowling Green Road and east of Dunbridge Road, Bowling Green, Wood County, Ohio. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that coverage for this site is eligible to be terminated.

At the time of the inspection, it appeared that no construction activities have ever been done on the Apartments at Rankin. If this development is no longer viable, it is recommended that you terminate coverage of the CGP for this site.

The CGP requires that a Notice of Termination (NOT) be filed to relieve the applicant of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing an NOT form and instructions to terminate this permit.

Please submit this form to: Ohio Environmental Protection Agency
