RE: **Notice of Violation**
Auglaize County
Buckland Community Center
Ohio EPA Permit No. 2PR00212
NPDES Permit No. OH0135984

February 7, 2012

Mayor and Council
Village of Buckland
105 North Main Street
Buckland, Ohio 45819

Dear Mayor and Council:

This letter serves as a Notice of Violation to inform you that we are missing the discharge monitoring report listed on the enclosed sheet of paper. As a reminder, hard copy self-monitoring report submissions are due on the 15th day of the following month and electronic submissions are due on the 20th day of the following month. Submit the missing report **within 10 days** of the date of this letter. Even if no discharge occurs, as long as the permit is in place, a report must be submitted.

Please inform this office in writing, **within 10 days**, as to the reasons for the above referenced violations, as well as a description of the actions taken or proposed to prevent any further violations. Your response should include the dates, either actual or proposed, for completion of the actions.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If there are any questions, please contact Mr. Justin Williams at (419) 373 – 3022.

Sincerely,

Thomas Poffenbarger, P.E.
