Mr. Michael Bruns  
Bruns Building & Development  
1429 Cranberry Road  
St. Henry, Ohio 45883

Dear Mr. Bruns:

On January 12, 2004, Bruns Building and Development received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the Washington Place Subdivision project located at Hospital Road and Nanette Lane, Van Wert, Van Wert County, Ohio. This CGP is still active and you are named as the contact for this permit.

On February 17, 2012, I performed an inspection of this facility. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that coverage for this site is eligible to be terminated.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) be filed to relieve the applicant of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing an NOT form for the CGP that was issued and instructions to terminate this permit.

Please submit this form to: Ohio Environmental Protection Agency
