Dear Sir or Madam:

On August 1, 2004, American Land Surveying & Engineering Inc., received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the Wendy's Napoleon project located at 607 Wood Drive, City of Napoleon, Henry County. This CGP is still active and the Wood County Auditor's office names you as the current owner.

On February 28, 2012, I performed an inspection of this facility. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that coverage for this site is eligible to be terminated.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) must be filed to relieve the applicant of the obligation to comply with the terms and conditions of this general permit including regular inspections and the maintenance of inspection logs of the site. I am enclosing an NOT form to terminate this permit. The following numbers are needed to fill out part I. of the NOT:

NPDES general permit number: OHC000002      Facility General Permit Number: 2GC00542\*AG

Please submit this form to:      Ohio Environmental Protection Agency
