Chillicothe, Ohio 45601

Dear Mr. Musick:

On January 5, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comment:

Your facility appeared to be in compliance with the General Industrial Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future.

I am confused why ODOT continues to hold the permit on this facility when a private entity appears to own it. Please check your records to ensure that permitting is being carried out as intended by ODOT.

If you have any questions, please contact me at (740) 380-5277.

Sincerely,

Aaron Wolfe
Storm Water Coordinator
Division of Surface Water
