Mr. Brian Russell
Sherwood Forest Products
P.O. Box 48
Waverly, Ohio 45690

Dear Mr. Russell:

On December 30, 2011, I visited the site located on Route 23. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of my inspection, the site was inactive and it appeared that industrial activities had been completed. In accordance with the NPDES permit, a Notice of Termination (NOT) must be submitted to the Ohio Environmental Protection Agency (Ohio EPA) to release you from the terms and conditions of this permit.

If you agree, please submit an NOT within 45 days of the completion of construction activities. Failure to submit an NOT is a violation of the permit requirements and may affect your ability to obtain a NPDES permit in the future.

Please send the completed NOT to the following address:

Ohio Environmental Protection Agency
