Construction Storm Water Permit 4GC03526\*AG**

Dear Mr. Maurer:

This letter is written in follow-up to a construction storm water inspection that I conducted on April 23, 2012, at Heidelberg Distributing Company, located at 3801 Parkwest Drive, in Columbus, Ohio. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. It appeared during the inspection that construction activity has been completed for this site and all disturbed areas had been permanently stabilized. Please address the following:

**Post Construction Requirements:**

The General Permit mandates specific water quality treatment for storm water following the completion of construction (see attachment). Please be able to demonstrate your post construction requirements per the General Permit will be met. Please submit to my attention the water quality calculations demonstrating compliance. This information can be sent to my attention via a response letter, or to my email at [greg.sanders@epa.state.oh.us](mailto:greg.sanders@epa.state.oh.us).

If you have not already done so, a Notice of Termination will be required providing that the post construction requirements have been met. Instructions and forms can be found at <http://www.epa.ohio.gov/dsw/storm/stormform.aspx>.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851 or email at [greg.sanders@epa.state.oh.us](mailto:greg.sanders@epa.state.oh.us).
