Re: Refrigerated Warehouse / Franklin County
Permit Number: 4GC03591 *AG

Dear Mr. Holland:

This letter is written regarding a storm water inspection that I conducted on May 8, 2012, at the Refrigerated Warehouse located at 2225 Spiegel Drive, in Columbus, Ohio. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following associated with construction activities at this site:

Sediment and Erosion Control:

- It appears that construction is nearly complete at this site. Sediment and erosion controls need to be installed and maintained until there is a good stand of vegetation over the barren areas. Several of the barren areas need to be re-seeded. Please see attached pictures.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851 or email at greg.sanders@epa.ohio.gov.

Sincerely,
