RE: Industrial Site Inspection, Permit # 1GR01073*EG

Dear Mr. Vulcan:

On Thursday, May 10, 2012, I inspected Rittal Corporation's Urbana facility to determine compliance with its industrial storm water discharge permit. The company was represented by you and Ed Hitchcock.

Based on my observations and our discussions, the site appears to be in substantial compliance with the terms of its current storm water discharge permit.

Note that this new "multi-sector general permit" issued to industrial sites has different sampling and analyses requirements than the past version of the industrial storm water permit. When the time comes, if you have questions about this, I can be reached at 937.285.6442 or via email at chris.cotton@epa.state.oh.us.

Sincerely,

Chris Cotton
Environmental Specialist II
