Re: Perry County
Ludowichi Roof Tile
Industrial Stormwater
OGR00331

Mr. Brad Smith
Ludowichi Roof Tile
P.O. Box 69
New Lexington, Ohio 43764

Dear Mr. Smith:

On June 6, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comment:

Please contact Dan Messerly at (740) 380-5218 and ask that he include a clay stockpile storm water runoff discharge point in your upcoming Individual NPDES Permit. Your permit application is currently under review and now is the time to modify the permit to include the industrial storm water portion in the permit along with the new discharge point for the clay stockpile area. Once the individual permit is issued, you may terminate your general industrial storm water permit. The action mentioned above will simplify your future NPDES permitting strategy.

If you have any questions, please contact me at (740) 380-5277.

Sincerely,

Aaron Wolfe
Storm Water Coordinator
Division of Surface Water

AW/dh
