CERTIFIED MAIL

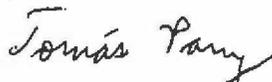

Dear Mr. Zitnik:

The National Pollutant Discharge Elimination System (NPDES) permit for the above-referenced facility expired on September 30, 2011. Facilities may continue discharging treated wastewater to waters of the state under an expired NPDES permit provided a renewal application is received by Ohio EPA at least 180 days *prior* to the expiration date of the existing permit. On multiple occasions, Ohio EPA has notified you of the need to reapply for a new permit, and has provided the necessary application forms to you. To date, despite the multiple notifications and multiple telephone calls to you, this office has not yet received a renewal application. As such, Bell-Wick Bowl, Inc. is considered to be in violation of Ohio Administrative Code 3745-33-03 for discharging treated wastewater to waters of the state without a valid NPDES permit.

Please complete the enclosed NPDES application forms and submit them to this office immediately, along with a \$200 application fee. Checks should be made payable to "Treasurer – State of Ohio". Failure to reapply for a new NPDES permit may result in the facility being referred to our legal section for appropriate enforcement action.

Should you have any questions or comments regarding this letter, please contact this office at (330) 963-1120.

Respectfully,

Tomás Parry, P.E.
