This letter is written in follow-up to a construction storm water inspection by Britany Turner, Abigail Tamkin, and Kathryne Rumora of the Ohio EPA, at Rosemore Avenue Reconstruction located at Rosemore Avenue from East Main Street (US 40) to Langly Avenue on July 5, 2012. The purpose of the inspection was to evaluate compliance with Ohio EPA General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

**Sediment and Erosion Controls:**

- Inlet protection must be provided for the storm water inlet noted in Figure 1.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844.
