Re: Defiance County  
Ney Pipeline  
Construction  
Storm Water

July 12, 2012

Mr. Douglas Saul  
Ohio Gas Company  
715 East Wilson Street  
P.O. Box 528  
Bryan, Ohio 43506

Dear Mr. Saul:

On June 26, 2012, Jessica Heitman and I inspected Ney Pipeline along The Bend Road and County Road 16, Ney. The purpose of our visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC02961. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Our records indicate that there are no co-permittees on the project.

It appears that construction activities at Ney Pipeline are complete.

A Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. An NOT may be filed if one or more of the following conditions have been met:

- Final stabilization has been established on all areas of the site for which the permittee is responsible. Final stabilization means that all soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment has been permanently stabilized; or
- Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

The NOT form and instructions can be found on our website: <http://www.epa.ohio.gov/dsw/storm/stormform.aspx>. NOTs must be mailed to Ohio EPA's Central Office within 45 days of when the above criteria are met.

Within 10 days of the date on this letter, please submit to this office **written notification** as to whether or not an NOT has been submitted to Columbus.

If there are any questions, please contact me at 419-373-3011.

Sincerely,

Bernard E. Weik  
Division of Surface Water  
Storm Water Program
