Dear Mr. Smith and Mr. Flesher:

On July 11, 2012, I performed a compliance inspection for storm water best management practices (BMPs) at the above referenced site. I was accompanied by Matt Adkins, Project Engineer with the GPD Group for the City of Beachwood. Our records indicate that the City of Beachwood has obtained coverage under the Ohio EPA General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Construction Activities #3GC05008\*AG.

Mr. Adkins informed me that the site is 90% done and the entrance to the boulevard from Harvard Road will be started in the next few weeks. Please be aware that once construction is completed and the site is stabilized, a Notice of Termination (NOT) must be filed within 45 days. All forms and instructions related to the NPDES storm water program can be found on our website at [www.epa.ohio.gov/dsw/storm/stormform.aspx](http://www.epa.ohio.gov/dsw/storm/stormform.aspx).

If you have any questions, please contact me at (330) 963-1125 or by e-mail at [Katie.Bowman@epa.state.oh.us](mailto:Katie.Bowman@epa.state.oh.us).

Sincerely,

Katie Bowman  
Assistant to the District Engineer  
Division of Surface Water
