Re: Athens County
Nelsonville WTP
Storm Water Construction Activity
0GC01740*AG

Mr. Joe Scherer
City of Nelsonville
211 Lake Hope Drive
Nelsonville, Ohio 45764

Dear Mr. Scherer:

On June 27, 2012, I visited the site located on Lake Hope Road. The purpose of my site visit and inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of my inspection, the site was inactive and it appeared that construction activities had not been initiated. No one was available at the time of my inspection. The site appeared to be in compliance in regards to final stabilization prescribed in the general permit. If construction activities will not be completed please fill out and return the attached notice of termination (NOT) form.

If you have any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

Joe Cook
Storm Water Section
Division of Surface Water
