Janesville Acoustics
Storm Water Construction Activity
Notice of Violation
0GC01628*AG

Mr. Chris Ruegsegger
AKRA Builders
14590 North 1600th Street
Teutopolis, IL 62467

Dear Mr. Ruegsegger:

On July 18, 2012, I visited the site located on 401 Enterprise Drive in Newcomerstown, Ohio that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues. Please send a letter stating your intentions. There is trash and debris littering your site. Remove and dispose of the waste properly.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or me at (740) 380-5447.

Sincerely,

Sara Peters
Storm Water Section
Division of Surface Water
