Ms. Stephanie Simcox
Parker Hannifin Corporation
725 North Beech Street
Eaton, OH 45320-1499

**RE: Montgomery County, Parker Hannifin Corporation, Industrial Storm Water
Compliance Inspection**

Dear Ms. Simcox:

On August 16, 2012, I inspected Parker Hannifin Corporation, 80 Parker Drive Brookville, Ohio to assess the certification of "No Exposure" that Parker Hannifin Corporation submitted to Ohio EPA on June 11, 2012. On the day of the inspection, there were no industrial activities or materials exposed to the elements and the claim of "No Exposure" appears to be valid.

If Parker Hannifin Corporation operations change so that industrial activities or materials become exposed to the elements, then coverage under a general Industrial Storm Water General Permit must be obtained immediately. This can be done by submitting a completed Notice of Intent (NOI) form, along with the required fee, to Ohio EPA. The NOI form can be accessed at the following web link:

http://www.epa.ohio.gov/portals/35/storm/Industrial_NOI_Form.pdf

Instructions for completing the NOI, and the address to which it must be sent, can be found at:

http://www.epa.ohio.gov/portals/35/documents/NOI_instructions2_s.pdf

Please be aware that the "No Exposure" status expires on November 14, 2013. I encourage you to pursue potential storm water management practices (rain gardens, grassed swales, permeable pavement, etc.) that might be utilized at the facility. If you have any questions about the inspection or this letter, please contact me at (937) 285-6107 or via email at robert.ostendorf@epa.ohio.gov.

Sincerely,

Bob Ostendorf Jr.
