Re: Muskingum County
Lewis Mobile Home Park
Storm Water Construction Activity
OGC01632*AG

Mr. Charles Lewis
Lewis mobile Home Park
7620 West Pike
Zanesville, Ohio 43701

Dear Mr. Lewis:

On July 30, 2012, I visited the site located on 415 Warner Lane in Hopewell, Ohio that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements if any construction continues. If construction is finished please send in the attached Notice of Termination to the highlighted address.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or me at (740) 380-5447.

Sincerely,

Sara Peters
Storm Water Section
Division of Surface Water
