Mr. Otto Luburgh  
Luburgh, Inc.  
4174 East Pike  
Zanesville, Ohio 43701

Dear Mr. Luburgh:

On July 30, 2012, I visited the site located on 3378 East Pike in Zanesville, Ohio that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

**No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.**

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277.

Sincerely,

Sara Peters  
Storm Water Section  
Division of Surface Water
