RE: Hamilton County, Zeinner Apartments, NPDES Permit Violations

Dear Ms. Zeinner:

On April 1, 2012, the NPDES permit (NPDES Permit # OH0137405; OEPA Permit # 1PW00046*AD) issued to your facility became effective. The NPDES permit requires that the discharge from your facility be monitored and reported monthly. At this time, you have failed to submit the reports for April through July, 2012. In addition, the treatment system serving your facility was required to be under a Class A wastewater treatment plant operator. You have also failed to provide this certified operator.

To correct these violations, you must provide a wastewater operator for your treatment system and start monitoring and reporting the discharge from this system. Finally, once you have obtained the services of a wastewater operator, you must notify Ohio EPA who this individual is. This information must be reported using an Operator of Record (ORC) Notification Form. This form may be obtained at the following web link:

[http://epa.ohio.gov/portals/28/documents/opcert/Operator of Record Notification Form.pdf](http://epa.ohio.gov/portals/28/documents/opcert/Operator_of_Record_Notification_Form.pdf).

Please be advised that failure to comply with the effluent limitations, or to satisfy the monitoring or reporting requirements of your NPDES permit, may be cause for enforcement action pursuant to Ohio Revised Code Chapter 6111.

Please inform this office, in writing, by September 14, 2012, as to the reasons for the above referenced violations, as well as a description of the actions taken or proposed to prevent any further violations. Your response should include the dates, either actual or proposed, for completion of the actions.

If you have any questions regarding the above, please contact me at (937) 285-6096.

Sincerely,

Ned Sarle
