RE: **Notice of Violation**
Allen County
Lima Refining Company
Ohio EPA Permit No. 2IG00001
NPDES Permit No. OH0002623

September 5, 2012

Mr. Roy C. Warnock
Vice President and General Manager
Lima Refining Company
1150 South Metcalf Street
Lima, Ohio 45804

Dear Mr. Warnock:

We are in receipt of your self-monitoring reports covering the months of April through June 2012 for the referenced facility. Our review indicates a violation of the conditions of your National Pollutant Discharge Elimination System (NPDES) permit. The specific instance of non-compliance is enclosed on a separate sheet.

We have received an email response from Mr. Gary Vonderembse on June 6, 2012, and require no further information for the violation at this time.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit, may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If there are any questions, please contact Mr. Justin Williams at (419) 373 – 3022.

Sincerely,

Thomas Poffenbarger, P.E.
Water Quality Engineer II/Unit Supervisor
Division of Surface Water
