**Re: VFW Post #3424 / Franklin County**

Dear Mr. Arcarco:

This letter is regarding the storm water inspection that I conducted on October 3, 2012, at the VFW Post #3424, located along Lockbourne Industrial Parkway. It appeared during the inspection that construction activity has been completed for this site and all disturbed areas had been permanently stabilized. Please address the following:

**Post Construction Requirements:**

The General Permit mandates specific water quality treatment for storm water following the completion of construction (see attachment). Please be able to demonstrate your post construction requirements per the General Permit will be met. Please submit to my attention the water quality calculations demonstrating compliance. This information can be sent to my attention via a response letter, or to my email at [greg.sanders@epa.ohio.gov](mailto:greg.sanders@epa.ohio.gov).

If you have not already done so, a Notice of Termination will be required providing that the post construction requirements have been met. Instructions and forms can be found at <http://epa.ohio.gov/dsw/storm/index.aspx>.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
