RE: SUMMIT COUNTY  
BOSTON HEIGHTS  
BUDGET INN  
5891 AKRON-CLEVELAND ROAD  
OHIO EPA NO. 3PR00085

Mr. Chetan Patel, Owner  
Budget Inn  
5891 Akron-Cleveland Road  
Hudson, OH 44236

**NOTICE OF VIOLATION**

Dear Mr. Patel:

This office recently received a letter from Bob Young Septic Tank Cleaning Company, indicating that they've been pumping a 1000 septic tank at Budget Inn. After talking to Marie Easterling of Bob Young Septic Cleaning Company, it's understood that since August 22, 2012, they've been pumping about 1000 gallons from your aeration tank weekly.

This office would like a written explanation concerning the weekly pumping of wastewater from your wastewater treatment plant (WWTP). Is the pumping a temporary operation and maintenance procedure? Is the WWTP still discharging treated wastewater?

Our database indicates that no electronic Discharge Monitoring Report (eDMR) was submitted for your WWTP for the month of September 2012. According to your National Pollutant Discharge Elimination System (NPDES) permit, you are required to submit monthly eDMRs. In rare circumstances, when there is a WWTP that is not discharging wastewater to waters of the state for some reason, that facility still is required to submit the monthly eDMR and indicate that they did not discharge.

Please send this office a written explanation concerning the wastewater pumping and the missing eDMR within 10 days of receipt of this letter. If you have any questions, please contact this office at (330) 963-1151.

Sincerely,

Jennifer S. Bennage  
Environmental Engineer  
Division of Surface Water
