**Re: Amtekco Industries Inc. / Franklin County
Industrial Storm Water Permit 4GR00421*DG**

Dear Mr. Fishking:

This letter is written in regard to the storm water inspection that I conducted on October 24, 2012, at Amtekco Industries Inc. located at 1205 Refugee Road in Columbus, Ohio. The inspection was conducted to determine compliance with your industrial storm water permit. I did not note any discharge from your facility to storm water drains, waters of the state or off of your property. Overall, the facility was well-kept. The following items were noted during the inspection:

1. Full or partially full drums were stored outside on pavement on the eastside of the building. Please be aware that full or partially full drums stored outside should be stored in containment under roof.
2. Empty drums were stored outside on pavement on the eastside of the building. Please be aware that empty drums should be stored upright with a lid.
3. There were waste containers and roll-offs that did not have covers. Please install covers on all waste containers, dumpsters and roll-offs. Covers are not needed for cardboard-only containers or wood-only containers.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders
