**RE: Industrial Storm Water Inspection at Pica USA / Franklin County
Permit # 4GR00050*DG**

Dear Mr. Davis,

This letter is written regarding a preliminary storm water inspection I conducted at Pica USA located at 432 McCormick Boulevard in Columbus, Ohio on September 24, 2012. The purpose of the inspection was to evaluate your compliance in accordance with the current storm water regulations pursuant to 40CFR122.26 and OAC3745-39. Based on my site observation of the storm water regulations, the following items were noted:

Permitting

- Please be aware industrial storm water permit coverage was granted for this site. The industrial storm water permit has expired. The applicant must renew coverage under the newly issued Ohio EPA Multi-Sector General Permit. Please submit to our attention a Notice of Intent within seven days of receipt of this letter. Please refer to the following link for assistance: http://www.epa.ohio.gov/dsw/permits/GP_IndustrialStormWater.aspx

Storm Water Pollution Prevention Plan

- Please be aware that a new permit requires revisions to your current Storm Water Pollution Prevention Plan. A storm water pollution prevention plan must be updated in accordance with the conditions of the permit and reflect current operations within 180 days following receipt of coverage. Please refer to the following link for assistance in the development of an approvable Storm Water Pollution Prevent Plan for your facility: http://www.epa.gov/rcdis/subs/industrial_swppp_guide.pdf

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844 or email at harry.kallipolitis@epa.state.oh.us. In addition, please provide a written response (***email preferred***) to the action items addressed above within ten days from receipt of this letter. A follow up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Ohio EPA, Division of Surface Water
Central District Office
