Re: Eversole Business Park, Ph. 1 & Ph. 2 / Fairfield County

Dear Mr. Eversole:

This letter is written in follow-up to a construction storm water inspection that I conducted on November 5, 2012, at the Eversole Business Park, Ph. 1 & Ph. 2 project that extends Victor Road from Kull Road to Election House Road. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities.

Sediment and Erosion Controls:

There was no active construction at the site during the inspection. Most all sites were stabilized except for several areas along Victor Road, near the intersection with Kull Road. There is also a larger barren area near the intersection of Victor Road and Election House Road. Please stabilize these barren areas. Please see attached picture.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
